

Navien makes it  
easy to control  
your water heater  
or boiler from  
**anywhere**  
in the world

**Navilink**<sup>®</sup>  
Wi-Fi remote  
control system

Smarter Living Environment Partner

## Wi-Fi remote control system

Navilink is an add-on accessory that makes it easy to communicate with your Navien systems anywhere internet service is accessible. The Navilink module attaches easily to any new or existing\* Navien tankless water heater, combi-boiler, or boiler. Once installed, simply download the free app on your smart phone or tablet. Then you will be able to relax...

with Navilink you will have the convenience and control of all your Navien systems right in the palm of your hand.

\*Existing installations may require the purchase of a new main PCB and front control panel. Navilink is compatible with NPE-2, NPN, NCB-H, NFC-H, NHB, NFB-H and NFB-C series.

**NPE-2 Series**  
Condensing tankless water heaters

**NFC-H Series**  
Condensing combi-boilers

### **NCB-H Series**

Condensing  
combi-boilers

### **NFB-H Series**

Condensing  
heating boilers

### **NHB Series**

Condensing  
heating boilers

### **NPN-U Series**

Non-Condensing  
indoor or outdoor\*\*  
tankless water heaters

### **NPN-E Series**

Non-Condensing  
outdoor only  
tankless water heaters

\*\*Outdoor vent cap kit needed for NPN-U series  
exterior installations (not shown).

Peace of mind  
at your  
**fingertips**

- Turn unit on and off
- Change DHW temperature
- Monitor system status
- Activate recirculation on NPE-A2 with HotButton™
- Schedule recirculation by hour or by day
- Add multiple users
- Allow installer access/account
- Multiple NaviLinks per account
- Push notifications

# Navien **innovations**

are creating the most  
energy efficient homes

Navien is the leader in condensing technology for water heaters and boilers. Our advanced systems recover extra heat from flue gases, that would be lost in non-condensing systems, to increase energy efficiency and reduce greenhouse gas emissions. This keeps exhaust emission temperatures very low, allowing for cost effective venting and space saving installations.

For more information contact your local Navien dealer or visit [NavienInc.com](http://NavienInc.com).
